# WHAT IS TED ?

---

TED is a nonprofit organization devoted to Ideas Worth Spreading. Started as a four-day conference in California 30 years ago, TED has grown to support its mission with multiple initiatives. The two annual TED Conferences invite the world's leading thinkers and doers to speak for 18 minutes or less. Many of these talks are then made available, free, at TED.com. TED speakers have included Bill Gates, Jane Goodall, Elizabeth Gilbert, Sir Richard Branson, Nandan Nilekani, Philippe Starck, Ngozi Okonjo-Iweala, Sal Khan and Daniel Kahneman.

TED's media initiatives include TED.com, where new TED Talks are posted daily; the Open Translation Project, which provides subtitles and interactive transcripts as well as translations from volunteers worldwide; the educational initiative TED-Ed. TED has established the annual TED Prize, where exceptional individuals with a wish to change the world get help translating their wishes into action; TEDx, which supports individuals or groups in hosting local, self-organized TED-style events around the world, and the TED Fellows program, helping world changing innovators from around the globe to amplify the impact of their remarkable projects and activities. pn

# ABOUT TEDx

---

In the spirit of ideas worth spreading, TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. At a TEDx event, TED Talks video and live speakers combine to spark deep discussion and connection. These local, self-organized events are branded TEDx, where x = independently organized TED event. The TED Conference provides general guidance for the TEDx program, but individual TEDx events are self-organized. (Subject to certain rules and regulations.)

## ABOUT TEDxVIT

Our event is called TEDxVIT, where x = independently organized TED event. At our TEDxVIT event, TEDTalks video and live speakers will combine to spark deep discussion and connection in a small group. TEDxVIT is formed by a group of students & professors from Vidyalaknar Institute of Technology, Mumbai to bring together bright minds to give talks that are idea-focused and on a wide range of subjects, to foster learning, inspiration and wonder - and provoke conversations that matter.

Each 18 minute (or less) long talk, performance or demonstration will have the power to open the minds of the audience, spark dialogue, and challenge attendees to transform ideas into action. Our hope is that TEDxVIT will change the view of open-minded and curious individuals, and will inspire, connect, and shape a new world.

One idea at a time

Endowed with a gift of good academic career, C. S. Deshpande established "Vidyalankar" with the basic objective to satisfy the inner urge of dedicating oneself to the sincere academic pursuit and to guide the eager young students with a missionary zeal, to enhance their worthiness and imbibe the nobler values of life in their receptive minds not by empty words but by one's own example.

For over 5 decades, Vidyalankar has been a guiding light and an inspiration. It has been churning students to reach new heights. Vidyalankar's aim has always been to be the best in the field of education and to match international standards and the logo is an extension of our aim.

The Vidyalankar logo is an essential part of not only the institution but also the students' who have put their trust in this institution. Since its inception in 1960, the Vidyalankar logo has been the guide to motivation and a symbol to look forward to every new day. The red color in the logo depicts the zest to meet challenges head-on and overcome the obstacles in our way. Vidyalankar continuously aims to be the leaders in the field of education. The red circle depicts a "rising sun", marking a new era in the field of education. It also symbolizes a guiding light to its students.

The sun gives light to the whole world and Vidyalankar sheds light to the various careers and courses giving to the students, so that they can choose a career or course of their choice. Vidyalankar written in black calligraphic font symbolizes the subtleness and the aggression of the institute to be on top.

The line "Be sure with" is a very integral part of the logo; it reminds us that Vidyalankar is responsible to churn out not good but brilliant citizens when they face challenges in their life. As a student and a parent, it's a re-assuring that they are in the hands of the leaders and we will make our students do their best.

The red box around the whole unit gives the logo a corporate look so that it is recognized internationally as in step with times. The box strongly symbolizes that everything that a student needs, is all here at Vidyalankar
